Jungle Boogie & Audionetworks DJ | 29th April | Palmerstown House Estate”]

Hi Suzy,

We just wanted to send an e-mail to thank-you for all your help with the Jungle boogie band and DJ on the night of our wedding on the 29th April. Jungle Boogie were absolutely fantastic and so many of our guests came back to us telling us what a great mix of music they played on the night, the dancefloor was never empty!!

I'm not sure of the name of the DJ and didn't get a chance to speak with him on the night but he was also fantastic and played a brilliant mix of tunes for us. One of my bridesmaids said he took loads of requests and wanted to make sure to play songs that meant something to myself and Niall which we really appreciated!!

We were so happy with your help and with the quality of the band and DJ so thank-you all so much!!

I manage an annual corporate sale's training event that requires execution of a fun energetic evening event. This was the first time we had our event outside of the US and I found working with Audionetworks in Dublin, Ireland to be the best experience I have had in years. They were responsive, understood my needs and made recommendations. They have a wide array of very professional bands I was looking for. I researched a lot of their recommendations and selected Jungle Boogie.

I was not disappointed and was congratulated by many of our near 1,800 attendees on the selection. Jungle Boogie has one of the best play lists I have seen and really understands their audience. They were engaging, played requested songs and made the evening a tremendous success. I would recommend them to anyone looking for a fun high energy event. They got people dancing and singing which was incredible.

I thank Audionetworks and Jungle Boogie for making our event a big memorable success! You will not go wrong with this professional team!

Hi Suzy,

Just a quick email to pass on our thanks to jungle boogie and DJ Jess who played at our wedding reception in Horetown house.

They were unbelievable. The dance floor was full all night.

There was a delay for them starting as we were about a hour and half off schedule but they couldn't have been nicer about it.

Absolute gents and the best wedding band... highly recommended!!

Fingers crossed some of our friends book them for their weddings so we can see them again!!

Thanks again,

Hi Suzy,

I've been meaning to email you. Jungle boogie apart from Bellingham castle were the best money we have spent!

I can honestly say we have had at least 50 people ask us who they were, tell us they are the best band they have ever heard etc.

Not once was the dance floor empty and I mean not once. For a wedding party of 130 and a whole castle to ourselves for guests to roam around it was just amazing to see the dance floor full at all times. From older to younger, all ages were up dancing.

We hired our own DJ for after the band and he made a point of finding me outside to tell me that he has played thousands of weddings over the years and he thought Jungle Boogie were the best band he has ever heard. He was there an hour early to set up so got to listen to most of their set. He said they aren't your typical wedding band and they are incredible musicians.

As we both are huge music fans ourselves, our whole wedding day was based around music, rock music, acoustic etc so we had a lot of friends and hired musicians throughout the day and every single one of them came up to us to tell us how amazing the band was.

The band were so easy going and didn't mind a couple guests coming up to sing along with them and they played whatever song the guests wanted to sing.

Even my dad who is in his 60's was up dancing!

Out of everything we had that day the band was the big one ALL the guests loved.

I am 30 next year and never wanted a party but after the wedding I said I am going to have a huge party just so we can hire jungle boogie again!

Thanks for everything Suzy. You made it all so easy for us and it took the stress away knowing everything was being looked after and we just had to worry about everything else that day!

I honestly couldn't recommend jungle boogie enough.

Kind regards

Grainne

Hope that you had a good holiday.

Just to say that Jungle Boogie did a great job for us last Friday. Some great reaction from our guests both during the set and afterwards. More than one person said that they had wanted to sit down, but the music kept them on the floor! Equally, the most common question was to know where we had found them – so hopefully some future business there. Anyway, happy to oblige with a recommendation if it would be of use.

Thanks also for your help along the way,
James

Hi Suzy,

I hope you enjoyed your holidays.

I just wanted to drop you a quick mail to express my gratitude and thanks to you, Audio Networks, Jungle Boogie and DJ Jess. The days was a tremendous success thanks in no small part to the performance of the band. It was always a priority to me to have as good a band as I could get to do the wedding gig and I think I got that in Jungle Boogie – the guys played a great set and also a fantastic rendition of 'Pencil full of lead' as our first dance song. A nice bunch of guys to deal with too. I would have no hesitation what so ever in recommending Jungle Boogie for any kind of gig.

The DJ varied his set according to what people were actually up dancing for. Which turned out to be quite a lot of classic rock – I couldn't have been happier with this and had I known the older crowd would empty out of the main room so quick I'd have kicked off the 'headbanger's ball' far earlier. In short the day turned out to be exactly how I had imagined it and you guys made a large contribution toward that. Thanks so much.

Regards,

Nigel Kelly.
