Hi Sara,

It was a roaring success!! Went off without a hitch! Couldn't believe how easy it was to set up! Didn't need all the head sets but better have too many than be looking for them!!

Thanks  
Mary

Thanks so much.

Hi Sara,

Apologies that I didn't get this to you sooner. Below is the review as promised. Thanks again for all of your help.

“We had just bought a new house & wanted to have a house warming with our family & friends. We wanted to do something a bit different that wouldn't get us in the bad books with our new neighbours so a silent disco was the perfect option!!

It couldn't have been easier to set up. We hooked the transmitters up to two Spotify accounts & handed out the headsets & away we went. We danced around the house until the early hours & the neighbours never knew a thing!!

A house warming was a great way to settle into our new home but we could never have anticipated the craic we would have with the silent disco. I couldn't recommend Audioworks enough, all the gear was perfect, so easy to set up & Sara in the office was a pleasure to deal with. All we need now is another excuse to throw a house party!!"
