

Testimonial Midnight Revellers / Cross Care Christmas Party C/O Richard King

Hey Kevin, how are things? Sorry for the delay! I was out sick for a bit, and also trying to get 'corporate' sign-off is bizarrely complex.... So, in the absence of that for the moment, I'm more than happy to put my name to it. Is this too short for you? "Thanks a million for playing at our Christmas Party – it was a brilliant night. The songs were spot on and got everyone up dancing. And there was a great dynamic with the crowd getting us all to sing along! Hope to have you back next year...." All the best, Richard

Hi Suzy!

I wrote to the guys to thank them personally - they were absolutely fantastic! The email I sent is below. Thanks for recommending them, they were spot on for our music tastes and kept the dance floor full all night - perfect!

Thanks a million

Philippa

Dear Kevin,

We can't thank you and the guys enough for keeping the dance floor full on our wedding day!

Honestly you guys were fantastic and there wasn't a quiet moment, which is exactly what we were after. Everyone was singing and dancing all night and singing your praises for days afterwards! And an extra, enormous thank you to Andy for playing our first song, Blackbird. It meant an awful lot to us and we really appreciate the effort he went to to play the song.

Best wishes, Philippa

Good Morning Suzy, Thank you for your email. The wedding was perfect... we couldn't have wished for a better day! and the weather held out as well :) With regards the Midnight Revellers and the DJ, they were awesome – top class! This was the first wedding I've experienced where the band kept the crowd going with great song after great song. The band/DJ were that good we couldn't get people to leave! :) It felt like a mini festival with the marquee setting etc... We are so happy we went with Midnight Revellers/DJ. Anybody looking for a live band that interacts with the audience, gets the crowd going and understand their audience these would be our 1st choice.

Many thanks again for your help. Regards, Jamie & Kate

Hi Suzy, Just wanted to touch base with you now we're home from honeymoon! Well what can we say about the midnight revellers..... Only they were absolutely amazing!! They were so professional and great to deal with! Our first dance was just magical the way they delivered

it was spine tingling and superb and drew comments from all our guests! The dance floor was jammed from start to finish which we were delighted with! The flow between band and DJ was seamless! Big shout out to DJ for letting me perform MANIAC to close the night! Is there anywhere else we could write a review?? Please pass on our gratitude to the lads!

Kind Regards, Lindsey & Steven Dalton

Hi Suzy,

just back from our honeymoon...DJ and particularly band were phenomenal!
Many guests were super impressed with them and had a phenomenal time dancing away -
dancefloor was always full! Thanks again to both Band and DJ, they really made this an
outstanding wedding party :-)
Also the setup of Band and DJ and cooperating with you (booking and organisation) was
flawless, would recommend you guys anytime again.
Thanks Daniel
